GROUP NORMS

Take a few minutes to reflect on what you need in order to be successful during our time together. What do you need from other participants, and what do you need from the facilitator? We will discuss these ideas at our first session.

Participants need to....

The facilitator(s) needs to...
Chapter 1: Reading for Meaning

Before you read...
Review the Six Tips for Inspired Instruction on page 4. Which of these are you already employing? Which would you like to develop?

While you are reading...

1. What are the three reasons for using Reading for Meaning to develop skills embedded within the Common Core?

2. What are three big research ideas about reading which the author shares?

3. Review the section on Implementing Reading for Meaning on p. 9-10. Are you using all of these steps when students complete reading activities in your classroom? Review one of the sample lessons.
4. How can you apply what you learned about reading for meaning in your classroom? What “text” will students utilize for the activity? What print or digital resources will the students use in the lesson?

5. How can you extend the activity you identified above to integrate writing skills as identified in the Common Core?

After you read...
When we get together, we will discuss any questions you have as well as the above discussion questions. What questions do you have about this content?
Chapter 2: Compare & Contrast

_Before you read..._ How have you used Compare and Contrast with your students?

_While you are reading._

1. What are the three reasons for using Compare and Contrast to develop skills embedded within the Common Core?

2. Review the six research pitfalls behind Compare and Contrast. Which of these have you experienced/used in your classroom? How can you avoid them in the future?
3. In order to avoid the pitfalls, the author shares a clear process for using Compare and Contrast. What are the four phases for implementing Compare and Contrast in the classroom?

4. How can you apply what you learned about Compare and Contrast in your classroom? Review the sample lessons. How can you use the process in your lesson?

5. How can you extend the activity you identified above to integrate writing skills as identified in the Common Core?

After you read...
When we get together, we will discuss any questions you have as well as the above discussion questions. What questions do you have about this content?
Chapter 3: Inductive Learning

Before you read... What do you know about Inductive Learning? Have you ever used a Word Sort with your students?

While you are reading...

1. What are the three reasons for using Inductive Learning to develop skills embedded within the Common Core?

2. What is the research behind Inductive Learning? What is the power of this practice?

3. Review the Inductive Learning process on page 29. Have you used this in the past?
4. How can you apply what you learned about Inductive Learning in your classroom? Review the sample lessons. Review the planning considerations. How can you use the process in your lesson? What resources/content will you use?

5. How can you extend the activity you identified above to integrate Inductive Writing?

6. How could you use the concept of Multiple Document Learning?

After you read...
When we get together, we will discuss any questions you have as well as the above discussion questions. What questions do you have about this content?
Chapter 4: Circle of Knowledge

Before you read... How effective are your classroom discussions?

While you are reading...

1. What are the three reasons for using Circle of Knowledge to develop skills embedded within the Common Core?

2. What does the research say are the three requirements for successful classroom discussions? Do you agree?
3. Reflect on these Moves for Increasing Participation.

7. How can you apply what you learned about implementing Circle of Knowledge in your classroom? Review the sample lessons and planning considerations. How can you use the process in your lesson?

8. How can you extend the activity you identified above to integrate writing skills as identified in the Common Core?

After you read...
When we get together, we will discuss any questions you have as well as the above discussion questions. What questions do you have about this content?
Chapter 5: Write to Learn

Before you read... What kind of writing opportunities do students experience in your classroom?

While you are reading...

1. What are the three reasons for using Write to Learn to address the Common Core?

2. What does the research say about using Write to Learn?

3. What are the three types of writing as identified by the author? Do students complete these types of writing in your classroom? On the next page, create a graphic organizer which communicates the three types of writing. Include characteristics, examples and ideas for application in your classroom.
